

CONTENTS

September **2026**
Vol. 2 No. 3

Research Article

- 133** The pet-related mobile application ecosystem in south korea: market structure and future perspectives
Kangmin Park, Hyeyoung Jeong and Joohyeong Lee
- 142** Influences of semen extenders and seminal plasma during liquid storage in goat sperm
Nahyeon Kang, Eunju Seok, Jaeuk Cho, Minwoo Sin, Chanjin Woo and Sang-Hee Lee
- 150** Drying-assisted valorization of mongolian sheep organ meats for pet food production
Bayasakh Munkhtur, Buyanchimeg Baasanjargal, Bayarbat Ishvaanji, Gurbazar Damdinsuren and Ulambayar Temuujin
- 162** Potential to increase milk yield by feeding dairy cows a total mixed ration (Tmr)
Otgonjargal Ayushjav, Sanjidsuren Oidovjunai, Shinekhuu Jugder, Purevsuren Pagam, Byamba Dondog, Rentsenkhand Jargalsaikhan, Solongo Narantuya and Togtokhbayar Norovsambu
- 170** Nutritional, microbiological, and palatability evaluation of dry pet food formulated with dried mongolian horse liver and lung
Bayasakh Munkhtur, Buyanchimeg Baasanjargal, Bayarbat Ishvaanji, Gurbazar Damdinsuren and Ulambayar Temuujin
- 179** Effects of locally formulated complete feeds on nutrient utilization, growth performance, and feed margin of growing selenge cattle during winter feeding in mongolia
Shinekhuu Jugder, Otgonjargal Ayushjav, Baljinnyam Bat-Ulzii and Togtokhbayar Norovsambu

CONTENTS

September **2026**

Vol. 2 No. 3

Review Article

- 190** Aromatherapy for improving canine health and welfare: mechanisms of action, behavioral effects, and clinical applications
Jung-Whan Chon, Kun-Ho Seo, Dong-Rak Choi, Su-Jin Kim, Beong-Suk Kim, Seokhee Ryu, Hyun-Ju Kim, Hyeon A Jung and Kwang-Young Song
- 223** Program components and research design characteristics of companion animal-assisted interventions for children in Korea
Eun Kyung Kang and Cheol Won Kang
- 234** High-oleic soybean cultivar ‘Hosim’: a comparative review of fatty acid composition, oxidative stability, nutritional properties, food processing, and potential applications in the dairy industry
Hyeon A Jung, Gyu-ri Kim, DaEun Jung, Kyung-Hyo Do, Su-jin Bae, Hansol Koo, Jeong-Dong Lee, Jung-Whan Chon, Kun-Ho Seo and Kwang-Young Song
- 255** Evaluation of the emotional and social effects of companion animal-assisted interventions for children in Korea
Pok Taek Kim
- 266** In vitro embryo production in cattle: technology, determinants of efficiency, and applications in breeding
Baasanjav Batmunkh and Enkhbolor Barsuren
- 278** Endocrine context and chemotherapy response in endometrial cancer: interfaces with endometrial receptivity and microenvironment remodeling
Baasanjav Batmunkh and Enkhbolor Barsuren
